

The Gift for the Future "Safety, Health & Well-being for All"

Visa Information for International Participants

If you require a short-term business visa to attend the congress in Japan, we highly recommend beginning the application process well in advance.

In most cases, a tourist visa may be sufficient for entry to Japan for the conference.

You can verify the visa requirements by visiting the Ministry of Foreign Affairs of Japan website under the section titled "Visa Application Procedures." Alternatively, you may consult the Consular Section of the nearest Japanese Embassy or Consulate for guidance:

http://www.mofa.go.jp/j_info/visit/visa/

For those needing a short-term business visa, an official invitation letter and other supporting documents from the congress organizers will be required to complete your application.

Those who need invitation letter or support for visa application documents, please see the information "Invitation Letter and Visa support" below.

Once you prepared for Visa documentations, please bring them to the Japanese Embassy or Consulate near your location to apply for the visa.

Please note that a tourist visa is generally valid for three months from the date of issuance, while the validity period of a business visa may vary.

[Visa Document Issuance Timeline]

Visa-related documents typically take around ten (10) business days to process and issue the invitation letter and other supporting materials.

The Gift for the Future "Safety, Health & Well-being for All"

Invitation Letter and Support for Visa Application Documents

Those who need **an official invitation letter of the congress** or **support for Japanese visa application documents**, please fill out the application form from the URL below.

An official invitation letter of the congress will be sent within 3 business days.

Support for Japanese visa application documents is not FREE (JPY18,000).

JTB Corp.(visa_support@jtb.jp) will contact you after your application, and they will NOT apply for VISA applications on your behalf.

Please note that

- **It is required to finish your payment of registration before your application.**
- It takes about one week to the issuance of the VISA documentation from the application.
- VISA support does not guarantee the acquisition of VISA.
- Please consider the VISA application period in your country and apply for VISA support.
- Refunds for VISA support will NOT be made after the documents are issued.
